What Are The At-home Services We Offer?

Dentistry

Our team of highly-qualified dental professionals offers services for both cosmetic and medical concerns.

Our state-of-the-art mobile dental unit is fully equipped with a wide range of comprehensive technology, enabling us to deliver tailored treatment plans designed to meet the unique needs of every patient.

Radiography

Our medical team provides comprehensive radiography services for elderly, disabled, or postoperative patients that have limited mobility. Our advanced mobile radiography equipment allows us to deliver accurate and comprehensive scans to patients while ensuring their comfort and convenience.
